

## Christmas Card Volunteer

### Position Overview:

We take pride in providing our community members and clients with compassion, dignity, and kindness everyday, but recognize that the holidays can prove to be an especially difficult time. We're excited to provide our shelter residents with hand written Christmas cards, letting them know that we care about them and are thinking of them during the holidays. If there's significant interest in this volunteer opportunity and more cards are written than we have shelter residents, we will distribute the cards to other community members we serve.

Due to COVID-19 safety, we can't allow volunteers into the shelter to distribute cards; all cards will be given to our program staff to distribute to residents.

### Key Responsibilities

- Write 5-10 thank you cards to shelter residents and community members
- Write clearly and legibly

### Commitment

- Attend a group card writing activity on December 8 at 368 Powell Street
- Time to be determined
- *If you are unable to join us on December 8 or are uncomfortable in a group setting, you can also write cards at home and mail them to us. Please notify us if this is your preferred way of getting involved.*

### How to apply

Please send an expression of interest to [Volunteers@firstunited.ca](mailto:Volunteers@firstunited.ca)

*Proof of vaccination must be shown to attend in-person*
