

The Recycled Wood Shop
Partners with First United Church Community Ministries
"½ inch either way"

We are amateur carpenters who like to build. We particularly like to build in support of First United Church Community Ministry Society (First United). We also like to use recycled wood or wood that is short cuts from local lumber yards. We have few expenses, so that 98% of the money you pay for an item is money given in support of the work of First United in the Downtown Eastside neighborhood. We hope you will find something you need in our catalogue or if you have a particular item in mind that we might build for you, let us know. **We would like it if you were to share this brochure with others.**

We look forward to hearing from you by using the form provided below
Ross White and Don Robertson
Retired United Church Revs
For more information email Don at sdrobertson@shaw.ca

We were pleased to build these tables for Dr Heather Clarke, Board Chair of First United. She wanted 2 low tables with clear stain for placing plants.

"The planter stands you made are just perfect, and what I've been thinking of for years. You came at the just the right time....and they look great!" (Thanks for the photo, Heather)

#1 This what we call an "Apple Crate Desk". The surface is made of 1 ½" boards and we can make the desk size to suit (\$185.00)

#2 This is an outdoor planter box 2' x 2', large enough to accommodate a bush as in the photo. We can scale down the size or raise the floor for other uses but keep the general appearance. (\$155.00)

The wood we use is reclaimed (with few exceptions). We make frequent visits to lumber yards to pick up ends of lumber...as new.

When they hear we are a project in support of First United...a smile breaks out!

#3

"I appreciate my bookshelf...4' high, space saver and holds 40+ books. I think you will like it too." (Don R) (\$160.00)

#4 A basic bench 3' x 10" x 18". This little bench is so handy and can be used in many ways. (\$75.00)

#5 "Thanks to Don and Ross, I have the table I've been looking for. My reading chair needed a companion." from Bob Burrows (Thanks Bob and, YES, we do make tables)

#6 How about this for a handy place to put your coffee and hold your paper. We did one for Roger who responded "Wow! Great" adjustable to suit the arm (\$70.00)

Thanks for the photo, Roger!

#7

A planter box (\$60.00) or (\$40.00)

#8 Don't you think that this is a quite neat coffee table? (\$190.00)

As much as we like to build things, this project is finally about building the capacity of First United to meet the needs of people living on the margins of our Lower Mainland community.

Perhaps you have something in mind that you do not find on these pages, something that you would find useful (like the Bob Burrows table) around your house or apartment. Maybe it is something we could build for you. Let us know what you have in mind and we will let you know if it something we can do for you!

#9 A dandy storage box 24" x 36" x 20" (\$170.00) or an all cedar box (\$280.00)

Setting prices is difficult. So, we want you to know that our prices are suggestions. Make us an offer, up or down, and we would be all too happy to accept it. The purpose of this project is to support First United. That is our bottom line!

#10 Bar Stools (\$75.00 each) **#11** \$149.00 Shoe rack 25" x 11" x 35", or half is possible @ \$90.00 (no more tripping over shoes)

#12 A wall shelf 24" (\$60.00)

We are all familiar with "binners"...those who walk the streets looking for pop cans and bottles. Ross and Don might be called "wooders" as we visit lumber yards checking their stock of "short ends" (people want 6 feet from an 8' board). Ross will take 2 x 4's and split them into 2 x 2's when needed. We always on the look out for good, clean wood that is otherwise headed for the dump.

#13 A plant holder for \$15.00 that can become double for \$25.00

#14 A bench (\$80.00) 3' x 18" x 18"

#15 Garden Bench 4' x 18" x 18" (\$145.00)

#16 Wall shelf 6" x 3" x 24" (\$60.00)

#17 A towel rack \$35.00

#19 Shelves of various sizes and prices

#18 Don and grandson build this plant holder and can for you any size (\$35.00)

#20 Planter boxes 3' x 8" x 10" (\$40.00 each)

#21 A patio table 24" x 18" x 48" (\$160.00)

Hi from Don and Ross:

We hope you find something that you can use and in turn give support to the work of First United. We are not professional carpenters, but we also feel we do an OK job as one-half inchers. We can pretty much build to the measurements you provide. We can also use light or dark stain or Varathane on natural wood...It would be a plus if you can pick up your item. Otherwise, we can arrange to have your item delivered.

Don Robertson and Ross White, the ½ " either way Carpenters
